"I like LOGOS because we get to praise the Lord. We like to sing songs. We get to read the Bible. It's just fun."

– Clarise, Grade one

"I enjoy the LOGOS Program because we can learn about God and all the amazing miracles he has done. When I am in LOGOS, it makes me happy to learn about God and his son Jesus, the real king. When I think about God's word, I think about honesty, goodness, kindness and all those wonderful words."

– Tanner, Grade three

The LOGOS Program offers a rich religious and educational experience right in your own community!

All about LOGOS

- Provides a way for children to achieve their full academic potential in a non-denominational, Christian environment based on Biblical principles and God's word
- Offered to students from kindergarten to grade four at Landing Trail School in Gibbons, and from grade five to nine at Lilian Schick School in Bon Accord
- Part of Sturgeon School Division's unique programming, and open to all students

A strong educational focus

- LOGOS is part of the public school system and teaches the Alberta curriculum
- Children remain involved in school-wide events, programs and other activities
- Students learn the same subject matter as others in the school system, but most courses are taught with a Christian viewpoint

A Christian-based perspective

- LOGOS is a non-denominational Christian-based program offered in a nurturing setting, where children are taught to love God and others
- The Christian environment is enhanced through daily activities such as prayer, assemblies, devotional time, Scripture readings and singing
- Supports the spiritual values parents teach at home, ensuring each child's faith is nurtured, reinforced and sustained at school

"I love the LOGOS Program because of the biblical morals and values that my kids learn about in class. Not only are they taught about them, they apply them in class everyday in very practical ways."

– Melissa, LOGOS parent

Working together for the children

- Landing Trail School and Lilian Schick School maintain a close working relationship to ensure that students making the transition from grade four to five are able to do so seamlessly
- Parents appreciate the consistency in teaching principles, Christian values and sense of community from one school to the next
- Children find it easy to transfer schools, and thrive in the excitement of new, yet familiar surroundings

Why choose LOGOS?

- An excellent academic education paired with a caring Christian environment, provide children with a solid foundation upon which they can build their lives
- The program teaches children to love and care for all their fellow human beings, and to live for more than simply their own pleasure and self-interest
- The founding principles of the program encourage students to lead productive, compassionate lives and make valuable contributions to their families, neighbours, country and global community

"The LOGOS Program is a wonderful alternative in my school, and my children are still able to connect with the friends they live near, go to church with or play sports with. In LOGOS, my kids learn how to live Godly lives through biblical teaching while gaining a quality education."

– Cindy, LOGOS parent
